Hamilton City Centre - 77 James St. N., Lower Level - Unit 117

The Adult Basic Education Association (ABEA) is a not-for-profit organization that acts as the learning network in Hamilton. We are the central referring agency for adult education and upgrading.

Goal/Benefits of Educational Assessments

The goal of ABEA's assessments is to ensure clients are accessing the appropriate programs to help them succeed in attaining their goals. ABEA is an impartial assessment and referral agency - we do not house any programs and are independent in the community.

Assessments save time, money, frustration, and gives the client a detailed action plan to reach their goals.

Educational Planning Assessment Tool (EPAT)

This assessment

- identifies Essential Skills levels
- includes an employment profile specific to the client's goal
- results in a summary of upgrading needs for training
- includes a detailed Educational Action Plan to reach education, training, and employment goals

Learning Challenges Assessment (LCAT)

This assessment has the same components as the EPAT but also

- identifies strength and challenge areas related to language processing
- includes learning strategies for the classroom

GED (General Educational Development) Pre-Test

This assessment identifies areas of skill gaps (if any) for all 5 GED subject areas and includes recommendations to help you/the client pass the GED successfully.
